

Project Initialization and Planning Phase

Date	15 March 2024
Team ID	
Project Name	Smart Lender – AI-Based Loan Eligibility Prediction System
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

I am: A customer applying for a loan.

I'm trying to: Find out if I am eligible for a loan.

But: The approval process is slow and complicated.

Because: Loan eligibility is checked manually using many financial factors.

Which makes me feel: Stressed and uncertain about whether my loan will be approved.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A male applicant seeking a loan.	Secure a loan for the property	Married with no co-applicant income.	Self-employed with a good credit history.	Optimistic about loan approval.
